SECTION A – SINGLE-PLY PRODUCTS

Representative (Thinnest) Product:

Brand Name	Model Name / Number	CRRC Product ID#	Thickness
------------	---------------------	------------------	-----------

List of All Products to be covered under this rating:

Model Name / Number (will appear as listed on Directory)	Thickness
--	-----------

- I verify that all products listed under the compound rating share the same surface formulation and radiative properties (emittance and reflectance).
- I verify that the thinnest product will be tested and used to represent the radiative properties of all products listed under this compound rating.

INITIAL Product Rating Application
Addendum for Compound Ratings – F-3A

SECTION B – SHINGLE PRODUCTS

Representative Product:		
Product Brand Name	Model Name / Number	CRRC Product ID#
List of All Products to be covered under this rating: (Declare any physical differences among products covered under this rating, including: varying granule distributions, the non-exposed shingle system components, and/or design features.)		
Model Name / Number (will appear as listed on Directory)	Design Features	
<input type="checkbox"/> I verify that all products listed under the compound rating share the same exposed color blend and size of granule formulation, and the same radiative properties (emittance and reflectance).		

SECTION C – MODIFIED BITUMEN PRODUCTS

Representative Product:		
Product Brand Name	Model Name / Number	CRRC Product ID#
List of All Products to be covered under this rating: (Declare any physical differences among products covered under this rating, including: differences in the non-exposed system components, or design features.)		
Model Name / Number (will appear as listed on Directory)	Design Features	
I verify that all products listed under the compound rating share EITHER: <input type="checkbox"/> the same surface granules: with the same exposed color blend, same size of granule formulation, and same radiative properties (emittance and reflectance), OR <input type="checkbox"/> the same factory applied coating: with the same coverage rate, same formulation, and same radiative properties (emittance and reflectance).		

INITIAL Product Rating Application
Addendum for Compound Ratings – F-3A

SECTION D – POLYMER: SLATE/SHAKE/TILE PRODUCTS

Representative Product:			
Product Brand Name	Model Name / Number	CRRC Product ID#	SR Rating
List of All Products to be covered under this rating: (Declare any physical differences among products covered under this rating, including: textures or other design features.)			
Model Name / Number (will appear as listed on Directory)	Design Features	Solar Reflectance Rating	
<input type="checkbox"/> I verify that all products listed under the compound rating share the same surface formulation.			

SECTION E – WOOD PRODUCTS

Representative Product:			
Product Brand Name	Model Name / Number	CRRC Product ID#	SR Rating
List of All Products to be covered under this rating: (Declare any physical differences among products covered under this rating, including: textures or other design features.)			
Model Name / Number (will appear as listed on Directory)	Design Features	Solar Reflectance Rating
