

ASSIGNMENT OF INTELLECTUAL PROPERTY IN WORK CREATED BY CRRC S100 CONSENSUS BODY MEMBER

I, _____, a member of the S100 Consensus Body of the Cool Roof Rating Council (“CRRC”), hereby assign to CRRC all of my right, title and interest in and to all of my contributions to the CRRC S100 Standard, as a result of my work or activities with CRRC’s S100 Consensus Body (“Works”), including but not limited to all copyrights and trademarks (“Intellectual Property”).

Notwithstanding anything to the contrary herein, this assignment does not apply to any pre-existing intellectual property created independently of my work or activities with the CRRC and this assignment does not apply to any other intellectual property created independently of my work or activities with the CRRC (“Pre-existing or Other Intellectual Property”) that I provide to CRRC. For any Pre-existing or Other Intellectual Property that is incorporated into the Works, I grant CRRC a perpetual, irrevocable, worldwide, transferable, sublicensable, royalty-free license to use, produce, display and exploit any such Preexisting or Other Intellectual Property as incorporated into the Works.

I acknowledge and agree that the Intellectual Property created or to be created by me will become property of CRRC and that CRRC will own all the rights in and to the Intellectual Property and the Works. I also agree to execute any further transfers, assignments or other document(s), as requested by the CRRC from time to time, that will facilitate the transfer of the Intellectual Property and the Works from me to the CRRC.

I have entered into this Assignment voluntarily and understand that henceforth, the Intellectual Property in and to the Works created by me and/or to be created by me in my work with the CRRC is owned and will be owned by CRRC.
