PRODUCT CERTIFICATION BODY

Valid to: January 31, 2016

Certificate Number: 3146.01

In recognition of the successful completion of the A2LA Certification Body Accreditation Program evaluation process, (including an assessment of the organization’s compliance with A2LA’s EPA ENERGY STAR[®] Accreditation Program¹ requirements), accreditation is granted to this organization to perform the following product certifications relating to roofing products:

<u>Certification Scheme(s)</u> ^{1,2}	<u>Certification Standard</u>
Cool Roof Rating Council (CRRC) – <i>Implement and communicate fair, accurate, and credible radiative energy performance rating systems for roof surfaces</i>	General Certification Process: Product Rating Program CRRC-1
Evaluation Services Cool Roof Rating Council (ES-CRRC) – <i>certify roofing products for the US EPA’s ENERGY STAR Roofing Program</i>	EPA Specific ENERGY STAR based Certification Process: Product Rating Program ES-CRRC
ENERGY STAR Program Requirements Product Specification for Roof Products – Eligibility Criteria – Version 2.3	Roof Products

¹ A2LA provides accreditation to the U.S. EPA’s [Conditions and Criteria for Recognition of Certification Bodies for the ENERGY STAR Program](#) by verifying an organization’s compliance to A2LA document [R222 - Specific Requirements - EPA ENERGY STAR Accreditation Program](#) and to the related standards listed above.

Accreditation by A2LA does not infer Recognition by the EPA for ENERGY STAR Product Certification. Please verify this organization’s recognition status by using the EPA’s searchable database, located at http://www.energystar.gov/index.cfm?fuseaction=recognized_bodies_list.show_RCB_search_form

American Association for Laboratory Accreditation

Accredited Product Certification Body

A2LA has accredited

COOL ROOF RATING COUNCIL

Oakland, CA

for technical competence as a

Product Certification Body

This product certification body is accredited in accordance with the recognized International Standard ISO/IEC 17065:2012
Conformity Assessment - Requirements for bodies certifying products, processes, and services.

This accreditation demonstrates technical competence for a defined scope and the operation of a quality management system.

Presented this 24th day of March 2014.

A handwritten signature in black ink, reading 'Peter Mlynek', is written over a horizontal line.
