

CRRRC PAVEMENT RATING PROGRAM LETTER OF INTEREST

The Cool Roof Rating Council (CRRC) is currently exploring the potential development of a rating program for pavement materials. The intent of the program would be to rate the radiative properties of pavement materials to support energy conservation and mitigate the effects of extreme heat.

Our organization, _____, is submitting this letter to express our support for the development of a CRRC pavement material rating program.

We represent the following (check one):

A manufacturer or producer of pavement materials interested in product ratings

A government agency interested in installing cool pavement materials on publicly owned roadways

A property owner interested in applying cool pavement materials to parking lots or other surfaces

A non-profit or non-governmental organization interested in the use of cool pavement materials for mitigating the urban heat island effect

Other (please specify) _____

By signing this letter, our organization agrees to have our name listed as a supporter of a CRRC pavement program in communications to the CRRC Membership and on coolroofs.org. We also acknowledge that the CRRC may contact us in the future about opportunities to financially support the development of a pavement rating program and/or obtain pavement product ratings.

Signed,

Name _____

Title _____

Signature _____

Date _____
